TRAINERSPLANNER

FOR THE CLUB ADMIN

ALL TEAMS OF THE CLUB IN ONE APP

As club admin you set up the Trainersplanner for all teams in the club. This is what you can do:

INVITE TEAMS

One by one or all at once from Excel, with team name, contact and phone number.

ONE MESSAGE FOR ALL TEAMS

With the club link, every team manager picks their own team and registers it. Via WhatsApp or email.

TEMPLATES

Fill in holidays, free Saturdays and practice times once and apply them to all teams.

OVERVIEW OF ALL TEAMS

Who has registered, who hasn't yet and when people last filled in. Can be exported to Excel.

CLUB BRANDING

Club name, club colour and logo are set right for every new team.

CODES AND ACCESS

A recovery code per team, revoking invitations and your own club admin code.

OPEN THE APP

trainersplanner.netlify.app

How to start as a club: see the back

TRAINERSPLANNER

HOW TO START AS A CLUB

Open the app, go to **Club admin** and log in with the **club admin code**. Then in this order:

1. CREATE A TEMPLATE

Fill in holidays, free Saturdays, practice times and club colour once.

Club admin › Templates

2. IMPORT TEAMS

Paste the list of teams, contacts and phone numbers from Excel and choose the template.

Club admin › Teams

3. SHARE THE CLUB LINK

Send one message to all team managers, in the WhatsApp group or by email (BCC).

Club admin › Teams

4. FOLLOW SIGN-UPS

See who has registered. Send the rest a separate reminder via WhatsApp.

Club admin › Teams

5. NEW SEASON

Update the template and add the new holidays to all teams at once.

Club admin › Templates

6. PROMO FLYER

Show the app to other teams or clubs, with screenshots.

Club admin › Settings

Lost the club admin code? It's in Supabase.
